Highly motivated biotech student with a strong foundation in molecular biology and genetics seeking an internship opportunity to apply theoretical knowledge in a practical laboratory setting and gain hands-on experience in cutting-edge biotechnological techniques.

CERTIFICATES & TRAININGS

SEP 2025 – SEP 2026

TRAINEE FARE Labs Pvt. Ltd. (Testing Division), Gurugram, Haryana

One-Year Industrial Training | Successfully completed industrial training in Quantitative and Qualitative Analysis of Acrylamide in Bakery and Confectionery Products using LC- MS/MS, with practical exposure to analytical testing, laboratory procedures, and quality analysis.

FEB 2024 – JULY 2024

TRAINEE, KRPL (Kunal Remedies Pvt. Ltd.), LUCKNOW

I have experience in instrumentation and chemical testing, specializing in Endotoxin and Sterility tests within the Quality Control Department. Additionally, I have contributed to documentation and quality assurance processes in the Documentation Quality Assurance Department. My role also involved dispensing and batch preparation in the Production Department, ensuring adherence to stringent standards in pharmaceutical manufacturing.

AUG, 2023 – SEP, 2023

TRAINEE, FARE LABS, GURUGRAM

I have practical training in LC-MS/MS, specializing in qualitative and quantitative analysis of acrylamide in bakery and confectionery products. My experience includes analyzing food samples to meet customer specifications, ensuring accuracy and compliance with quality standards. This hands-on training has equipped me with valuable skills in chemical analysis and quality assurance within food matrices.

27 MAR, 2023 – 31 MAR, 2023

RESEARCH METHODOLOGY AND CURRENT RESEARCH TRENDS,

RESEARCH DIRECTORATE AND DEPT. OF BIOTECHNOLOGY (AKS UNIVERSITY)

Possess knowledge of writing research and review papers.

DEC, 2022 – JUN, 2023

QUALITY CONTROL MICROBIOLOGIST, LSSSDC

I recognize the pivotal role microbiologists play in ensuring and maintaining the highest standards of quality control, particularly in industries like pharmaceuticals and food production. Their expertise in identifying and mitigating microbial risks is essential for product safety and compliance. Microbiologists' contributions are integral to safeguarding public health and product integrity.

APR, 2021 – AUG, 2021

FUNDAMENTAL & ADV. TECHNIQUES, MERCK

I have acquired essential skills in Mammalian Cell Culture, Genome Editing, and Real-Time PCR Data Analysis, along with expertise in Cancer Use of Recombinant DNA and Immunobiological Plant Genetic Engineering techniques. My training includes practical application and proficiency in these advanced biotechnological approaches.

SKILLS

- Research skills
- Teamwork
- Time tracking
- Communication skills
- Change management
- Risk assessment

EDUCATION

JUL, 2026

M. TECH(BIOTECHNOLOGY), AKS UNIVERSITY

CGPA – 7.5

JUL, 2024

B. TECH(BIOTECHNOLOGY), AKS UNIVERSITY

CGPA – 6.6

JUL, 2020

INTERMEDIATE, GOVERNMENT HIGHER SECONDARY SCHOOL, LATAGAON, MAIHAR, MP

Percentage – 52%

JUN, 2018

MATRIC, GOVERNMENT HIGHER SECONDARY SCHOOL, LATAGAON, MAIHAR, MP

Percentage – 51%

ACTIVITIES

I also enjoy reading reports and visually analyzing them. Additionally, I volunteer at several of my university's activities, where I gained time management skills. I also volunteer in the media department where I learned the organizational & management skills.
